FIG. 4A

FIG. 4B is a screenshot of a software interface for editing known application entries. The interface includes a title bar, a menu bar, and a main window. The title bar contains the text 'View / Edit KnownApp'. The menu bar contains the text 'Application's KnownApp Entry'. The main window contains a list of application entries, a 'Current' field, a 'Total' field, and buttons for 'New', 'Go To', 'Remove Entry', 'Clone Entry', 'Save', 'Backup', 'Exit', and 'Restore'. The list of application entries includes 'ACRORD32.EXE', 'Acrobat', and 'Edit KnownApp Entry: Acrobat'. The 'Edit KnownApp Entry: Acrobat' entry is selected, and its details are displayed in a sub-window. The sub-window includes a 'Clear Entry' button, a 'Mid sequence delay in seconds' field, and a 'Accept Unfilled Label' button. The sub-window also includes a 'Cancel' button and an 'OK' button. The sub-window is labeled with the number 168. The main window is labeled with the number 162. The 'Current' field is labeled with the number 164. The 'Total' field is labeled with the number 166-1. The 'New' button is labeled with the number 166-2. The 'Go To' button is labeled with the number 166-3. The 'Remove Entry' button is labeled with the number 166-4. The 'Clone Entry' button is labeled with the number 166-5. The 'Save' button is labeled with the number 167-1. The 'Backup' button is labeled with the number 167-2. The 'Exit' button is labeled with the number 170. The 'Restore' button is labeled with the number 170.
